ROLL OF HONOR

This ROLL OF HONOR is published with a view of impressing the pupils of the public schools of Mendocino county with the fact that the man or woman who makes a success of life is the worker. It is hoped that seeing the names of the leaders of the classes published each month will inspire others with the desire to become leaders. The names of the pupils who appear in this ROLL have all stood over 90 per cent. Those standing over 95 per cent will have their names printed capital letters. If any pupil in the county stands perfect in any monthly examination their picture will be published in the ROLL OF HONOR.

BOONVILLE, HIGHLAND SCHOOL DIST., April 29. W. O. White, Ukiah, Cal., Dear Sir.—Your idea of publishing in the Honor Roll the names of those pupils who stand 90 per cent and above every month, is an excellent incentive for better work on the part of both the pupils and the teacher.

The pupils of Highland District in Bell Valley, are all sturdy, energetic youngsters. Most of them have a distance of three or four miles to ride to school, but all attend with punctuality and regularity. I take pleasure in being able to add the names of these students to your Honor Roll.

ESTELLE THORNBERRY.

In last week's Press we announced that we had a plan in view by which it would be possible for any scholar in Mendocino county over 12 years of age to attend the Panama Pacific Exposition. We are pleased to announce that the plans are about perfected and any young lady or gentleman who is interested can obtain particulars by writing to W. O. White, editor of the Republican Press, Ukiah, Calif. The Press has decided to try out a new idea that is entirely different from any that have ever been put on in this section before. Any boy or girl who so desires will be able to obtain the trip to the exposition regardless of the efforts of any other boy or girl who is making the same effort. In other words your success or failure will depend entirely upon your own efforts. All that will be necessary is for you to make up your mind to perform a certain task, which by the way will be a very reasonable one, and then go ahead and accomplish what you have started out to do. Remember that the Panama Pacific Exposition is something that comes only once in a life time and something that you cannot afford to miss. You have read about its beauties and wonders in the Press and other papers. You can ask your teacher about it when she returns from institute. Every one will tell you that if you can possibly see it, it is well worth any effort. Here is your chance to see the Exposition and have all your expenses paid by the Republican Press. Write today for particulars.

MARTIN SCOTT DIES FROM PERITONITIS

Martin L. Scott died Monday at the home of his parents, Mr. and Mrs. F. O. Scott, on the Calpella road of peritonitis. The funeral occurred from the family residesnce, interment taking place in the Odd Fellow's cemetery, near this city Tuesday. The funeral services were conducted by Rev. Adams. Martin was a particularly bright young gentleman and the future seemed to hold promise of an active and valuable life. He had just passed his twentieth birthday and was popular with a large circle of acquaintances. He was ill for about two weeks. The sympathy of the community is with the bereaved family.

REG CAUGHEY LIFTS SHOT PUT RECORD

Reg Caughey established a new record in the shot put at the field meet at Stanford Friday afternoon making 47 feet. This is two inches farther that Babe Crawford's record set at the Chicago meet in 1910.

ODD FELLOWS AND REBEKAHS

Single members desiring invitations for friends to attend the anniversary celebration are requested to hand names to George David at postoffice by Wednesday, April 21st.

MENDELSSOHN'S DANCE ON 23RD.

The last dance of the Mendelssohn Club of the season will be on the 23rd inst, instead of the 24th, as previously announced.

ACTIVE WORK BEGINS AT MANGANESE MINES

The wagon road to the manganese mines belonging to Messrs. Thomas, Taylor and Requa, is nearing completion. J. W. Pickle, who has charge of the road work, has a large crew on the road and expects to complete the work in a few days.

The Noble Electric Steel Company, to whom the mine has been leased for a term of years, has its engineers on the ground and they have put a number of miners at work developing the mine and breaking up the ore for shipment. Teams will be put on just as soon as the road is in shape for hauling the ore and it is the intention of the company to take out a large amount of ore just as soon as the road is in condition to stand the traffic. The price of manganese continues firm, in fact, is steadily on the rise, and it is the plan of the Steel Company to work the mine on a large scale this summer in order that it may get the benefit of the increased price of the ore.

MRS. SADIE LAWTON PASSES

Mrs. Sadie Lawton (nee DeMerritt) died this morning at 3 o'clock, after an illness lasting for years. Deceased had many friends in this section who will learn with deep regret of her sad passing.

SEVENTY SEVENTH BIRTHDAY

Dollie Edwards and family and Mr. and Mrs. Ben Edwards drove up to Potter Sunday and spent the day with Grandma Edwards at the home of her son, Joe. It was grandma's 77th birthday and she is still hale and hearty. A sumptuous chicken dinner was served and a very enjoyable family reunion is reported.

MENDOCINO FARMERS ARE INCORPORATED

FARMERS CLUB FORMED AT MENDOCINO CITY AND COMPOSED OF COAST FARMERS—INCORPORATION IS ALONG THE SAME LINES AS THE UKIAH FARMERS CLUB AND IS FOR FIFTY YEARS.

Articles of incorporation of the Mendocino Farmers Club were filed Wednesday by Attorney Theodore Hale. The Club will have its principal place of business at Mendocino City and the incorporation is for fifty years. It is modeled along the same lines as the Ukiah Farmers Club and it is presumed that they will engage in business and sell on a percentage for the benefit of the members the same as the Ukiah Club. The admission fee is $2.

The following gentlemen are the incorporators: H. S. Tregoning, Caspar; N. A. Anderson, Albion; N. W. Kent, Littleriver; A. A. Heeser, Robert Law, Thomas Ellison, Andrew Escola, Mendocino. These gentlemen are named as directors of the Club.

THE SPECIAL DETECTIVE "CLEANED" BY WOMAN

UKIAH, April 13.—A recent article in the Press regarding the town's private detective, who was here for a time looking up the "criminal" element of Ukiah, failed to give the gentleman all the credit that was due him, as it was only mentioned that he managed to secure evidence which caused the Chinese to lose their liquor license at the restaurant, after making many stabs at other places. It seems that the detective, who stopped at the Palace, endeavored in every way to get a game of draw poker, or any other kind of a gambling game that has ever been heard of, with some of the boys who stay at the hotel, but as none of them ever indulge in gaming, knowing it against the town ordinance, were forced to decline the invitation of Mr. Stool-Pigeon. The latter having been told when he was employed that it was supposed that card games for money were being played in Ukiah, thought that he must find a game in an effort to make good so that he could collect his salary, with a feeling of "well done, thy good and faithful servant." One Sunday after several efforts to entice a number of boys into a game, went to one of the shooting gallery girls and offered to play her seven-up for $1.00 a game. The girl was willing and after cleaning "Ukiah's Special" out of $12 or $15, quit the game. The girl was told to leave town a few days later. It is supposed that this was the Monte Carlo which the man had been brought here to discover, so it must be seen that he should be given more credit for this good work than the mere license losing of the Chinese restaurant.

NEW INDIAN SOME MACHINE

Howard Sweeney of Potter was here Sunday and purchased the new three speed Indian motor cycle just received by Van Nader & Hawn. As there were several figuring on the purchase, some of the other boys were disappointed, but a new stock has been ordered. Messrs. Van Nader & Hawn state that the new Indian is the finest motor cycle ever built and that it appears that they anticipate an exceptional demand for them this year. With the three speeds, easy springs and electrical equipment, it is the latest word in two wheeled vehicles.

NEW PRESIDENT FOR HOSPITAL MANAGERS

Alfred Greenbaum of San Francisco was elected president of the board of managers of the Mendocino State Hospital Saturday when the new board organized. This position has been held by W. A. S. Foster of Willits for several years and his administration has been very satisfactory. Mr. Foster is still a member of the board, and although his term has expired, Governor Johnson has not appointed his successor.

MRS. AMES CALLED SATURDAY MORNING

Last Saturday morning Mrs. E. S. Ames passed away at her home surrounded by her loved ones. She had only been ill a short time and her friends had hoped that her condition was not serious. Her daughters had arrived from San Francisco and she had caressed her little grandchild shortly before the end came.

The deceased was born in Jones Co., Iowa, February 3, 1850 and came to California in 1863, locating in Ukiah in 1871, having been married in that year to E. S. Ames in Sacramento. Since that time the family has resided here and occupied a high place in the community. The deceased had been an active woman and freely lent her influence and work for the benefit of the community. Everyone who knew her loved her and held her in the highest esteem.

She is survived by her husband and three daughters, Mrs. H. B. Smith of this city, Mrs. Jocie Williams and Mrs. Louise Atkins of San Francisco. Her mother, Mrs. Hanna Chaplin, who is 88 years old, also survives her.

The funeral services were held at the home Monday afternoon and conducted in accordance with the Christian Science Church Ritual, Mrs. J. Stitt being the leader. L. W. Babcock read selections from the "Song of Life." Mrs. H. V. Weldon, Mrs. Lucy Seawell, P. H. Joseph and W. S. Van Dyke, composed the choir that rendered several beautiful songs at the grave. The pall bearers were: Hale McCowen, Sr., J. R. Mathews, J. M. Mannon, James Stitt, L. W. Babcock and J. Q. White.

The sympathy of the community goes out to the bereaved family.

LEDGE OF MANGANESE UNCOVERED BY PLOW

WHILE GRADING FOR APPROACH TO BRIDGE OVER HOPPER CREEK IN POTTER WORKMEN UNCOVER LEDGE OF RICH ORE —EASTERN CAPITALISTS INTERESTED AND IMMEDIATE DEVELOPMENTS EXPECTED.

Potter Valley seems to be the richest manganese deposit in the world and a number of new finds have been reported in the past few weeks. Last week it was reported that George Lambert discovered a rich ledge on his place and on Thursday while plowing for the approach to the new bridge that is being put over the Hopper Creek near the Bill Hopper and Sel Bevans ranches, a ledge of very rich manganese was unearthed in the county road.

J. O. Hayes of San Jose, reported to be representing eastern capitalists, was in the valley last week and consulted with Dr. Lee who has options on a large acreage of the deposits. It is reported that he is to send a crew of men up to do some development work on the Hopper ranch. It is reported that Mr. Hopper has bonded 80 acres for $5000 and that there seems to be no doubt of the sale going through.

BUD BANKER TAKES OVER DODGE AGENCY

Bud Banker reports that he has purchased the Dodge and Hudson agencies from his father, Monte Banker, and that he is out to make a record year on the sale of Dodge autos. He reports that twelve cars have already been sold and that the first shipment of Dodges for delivery will arrive some time during the week. He says that the Dodge had the second largest sales in the state last month, being only surpassed by the Fords. Bud is a clever salesman and an artist with a car and will undoubtedly make good.

Monte Banker will continue to handle the Ford and Buick lines. He has sold about 20 Fords so far this season and reports that there is still a good demand. He has another shipment of Fords on the way from the factory.

THE JURY DISAGREES IN FAMOUS HOP CASE

Last Thursday the case of John Cooper and Jessie Elliott against Tom Howard occupied the justice court. The case was tried before a jury last July and the jury disagreed. The jury also disagreed in the last trial, and it is reported stood 6 to 6. The plaintiffs are Indians who had a contract to work Mr. Howard's hops. For some reason the hop crop was very poor and Mr. Howard claimed that it was caused by the negligence of the Indians in pruning and refused to pay them $257 which they claimed as a balance on the contract. The Indians claimed that the crop failure was caused by disease. Fifteen witnesses were examined and the case lasted from 9 a. m. to 7:30 p. m. Attorney Eversole who represented the plaintiffs, announces that he will try the case again. Mr. Howard was represented by T. J. Weldon.

REBEKAHS INITIATE CANDIDATES

Monday night several new members were initiated into Cornelia Rebekah lodge. The degree team performed their work with the precisin of clock work and the charges were well delivered. After lodge fruit salad, coffee and cake were served. There was a large attendance.

EUREKA ROAD OPEN

The passenger service to Eureka was resumed Wednesday over the Northwestern Pacific railroad. Eureka passengers will stop over in Willits for the night and leave for Eureka early in the morning. Better time will be announced later in the summer.

C. A. BERNHARD HIT BY REDEMEYER AUTO

WHAT MIGHT HAVE BEEN A FATAL ACCIDENT HAPPENED WEDNESDAY MORNING AT CORNER OF STATE AND PERKINS STS.—FORTUNATELY NO ONE WAS INJURED, EVEN THE MOTORCYCLE ESCAPING.

C. A. Bernard, manager of the Ukiah Farmers' Club, had a narrow escape Wednesday morning while riding his motorcycle to work. At the corner of Perkins and State street he passed a wagon going south and as he turned the corner saw Luther Redemeyer's auto approaching. He concluded that he might avoid a collision by speeding up and passing in front of the machine. The auto struk the rear wheel of the motorcycle and Mr. Bernard and the machine skidded for some thirty feet on the pavement. Emil Waldteufel, who happened to be standing on the corner, rushed to his assistance and lifted the machine and to everybody's surprise, Mr. Bernhard was uninjured and the motorcycle's only damage was a bent pedal.

The unusual part of the accident was that neither Mr. Bernard nor Mr. Redemeyer tried to place the blame on the other. Mr. Bernard states that the sun struck his glasses as he looked up and that he did not see the auto until right on it and instantly decided that his only chance was to try and pass. Mr. Redemeyer was surprised when the motorcycle struck his car, as he had not seen it at all.

DOUBLE DECK CAR LOADED WITH SHEEP

Ben Noonon shipped out 270 sheep yesterday morning in two cars. One of the cars, however, was a double decker—the first ever used on the Northwestern Pacific Railroad and put on by the officials as an experiment. It is a recent patent and the upper deck is raised and lowered by hydraulic pressure so that it can be raised for sheep or lowered on the other deck for loading cattle or a general utility car. Ben reports that the car worked fine. The sheep were purchased from the McClendon Brothers and will be taken to Santa Rosa.

TAX ASSOCIATION MEETS AT WILLITS

ANNOUNCE POLICY OF WORKING IN HARMONY WITH COUNTY OFFICIALS AND ALL THEY DESIRE IS THE PRIVILEGE OF BEING ALLOWED TO HELP WITH THE PROBLEMS OF COUNTY GOVERNMENT.

On Wednesday, April 7th, the Executive Committee of the Tax Payers Association held its first regular meeting at Willits. Invitations had been given to the members of the Board of Directors to be present and participate and several attended. Supervisor F. W. Reynolds also attended the meeting, but did not participate in any of its deliberations. He addressed the meeting before adjournment and assured the Association that so far as he was concerned he believed that the Association would be a valuable aid to the Board of Supervisors and that there was no reason for there being any friction between the Association and any of the county officials. He said that he would vote as a member of the board to permit the Association's representatives to be heard upon all matters of public interest and would welcome suggestions that would tend to assist the board and to bring about better conditions.

Secretary Frank L. Caughey and H. C. McKoon from this city being present. The association is getting down to business in a business like way and will undoubtedly achieve some results. The association announces that it does not intend to outline a policy antagonistic to the county officials, but on the other hand will try to work in harmony with the officials and merely asks for the privilege of helping.

The following is a resume of the minutes of the meeting:

C. F. O'Brien, H. C. McKoon and President W. A. S. Foster of the Executive Committee answered present, constituting a quorum. L. L. Grover and Len Barnard of the Board of Directors were also present by invitation.

The customary reading and approval of minutes and the selection of order of business were gone through with. The secretary reported a total membership of 136, with $136 in the treasury.

Four general subjects were suggested by the president to be taken up in the order named—funds, membership, equalization of assessments and expenditures of public funds.

Under the head of necessary funds to carry on the work of the organization it was agreed that it would require about $3000 a year, divided as follows: Secretary's salary, $2000; rental and upkeep of office, $175; stamps and stationery, $250; furniture and fixtures, $125; miscellaneous expenses, $450.

The secretary was instructed to solicit donations from the members, and a letter from a member who is a heavy taxpayer was read in which the suggestion was made that a maximum donation of one and one-half per cent of the amount of taxes that a member paid upon the last assessment would be the proper amount to request. After some discussion is was agreed that such a percentage would be fair.

The secretary was ordered to prepare and have printed 1000 application for membership cards and to distribute them to the members of the association with the request that each member make an effort to secure five applications and mail the same together with the fees to the secretary as soon as possible.

The question of equalization of assessments was then taken up. A plan to divide the county into small districts and appoint a committee of five members of the association for each district with instructions to grade the real estate in each holding and to value the improvements thereon and list the personal property of the owner was considered.

After some discussion a more available plan was adopted, and the secretary was instructed to inquire from the assessor if he would be willing to advertise that on a certain day he would be at a certain place in a certain district with the completed as-

SYNOPSIS OF LECTURES AT ADVENTIST CHURCH

Much interest was manifested in the meeting held in the local S. D. Adventist Church last Friday evening and Saturday.

Elder E. J. Hibbard is an intensly interesting speaker. Miss Harriett Maxson rendered beautiful hymns with much expression. Mrs. W. P. Dayton presided at the organ.

Friday evening Elder Hibbard's subject was, "The War That Will End War." "Europe stands today at Armegeddon; newspapers are using the expression, 'Armegeddon,' but they do not know what it really means." John 13:31—Deciples grieved that Jesus was going away. Promise in John 14:1-4 comforted them. The Lord will renovate earth, then it will fullfil his original purpose. Rev. 11:18, "Nations are Angry." Sign of Christ's coming. Seventh Day Adventists have been telling for 70 years that such a war as is now raging, was coming. The whole thing centers around Constantinople. Russia has long wanted that city. England has always taken Turkey's part 'til now, she is willing for Russia to gain its heart's desire. Many are amazed at the change, but the time has come for prophecy to be fulfilled. When the Turks leave Constantinople they will be on the way to Jerusalem. Then Dan 12:1. 1 Thess. 4:15, will be fulfilled.

Sabbath at 11 a. m., Elder Hibbard preached a very practical sermon, based mainly of the sixth chapter of Romans. Latter part of fifth chapter also. Many people think the main thing is to be saved from the penalty of sin, but God wants to save us from sinning.—Saton has the advantage in that all our natural tenacity go his way, so God has to save us from these tendencies. Auto runs because it is an auto, but the parts cannot make itsself. Because a pear tree bears pears, is no sign it can make itself bear pears. God changes human nature, and makes it able to do divine things. Before we can do divine things must partake of divine nature. God does not want a Christian hobbling along with sin ruling our bodies part of the time. It was prophecied of Christ, "Thou Shalt Call His Name Jesus, for He Shall Save His People From Their Sins." Jesus came to keep us from breaking God's law, for "sin is the transgression of the law." 1 John 3:4. We look into God's law, see we are sinners. Rom. 7:7. We say, "We will keep the law, but we cannot, for the carnal mind is emnity to the law of God." Look up, cry to Christ, and deliverance comes. When we are delivered, we are not delivered from keeping the law, but from breaking it. Jesus came into this world—sinless—took our sins, and died as penalty of sin. Isa. 52:6—2 Cor. 5:21. If you can count him sin, who did not sin, then you can understand how we are counted righteous who have done no righteousness. 2 Pet. 2:24. Whoever accepts Christ becomes his child. The Holy Spirit is given to help overcome sin. Christ died to save us from every sin. The way of the cross is the only way.

The subject of lecture of evening on April 10th was "Peace That Follows War." Some of the texts used were Rev. 13; Rev. 19:19; Zeph. 1:4; Ju. 25:32; Rev. 13:3; Rev. 17:17.

David Starr Jordan and others have been assuring us that war would never rage again, so they will be very determined to bring about peace. Prophecies plainly point to the fact that the political power of the church will be stronger than at any time since the middle ages. A world church power is to be formed as one of the closing events. Now is the time to study the prophetic word as never before. The peace that will follow this war will be only apparent, not a lasting peace.

Rheumatism

Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in—laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander, of North Harpswell, Me., writes: "Many strains in my back and hips brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair, that I had to jump on my feet to get relief. I at once applied your Liniment to the affected part and in less than ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."

THE POPPY

O beautiful golden poppy,
Fair emblem of our golden state,
Who made thy petals so lovely,
Did God in his goodness create?

A golden carpet you're spreading
Over beautiful fields of green,
You're cheering the hearts of travelers,
Beholding the beautiful scene.

Unfolding your petals in joy,
To be kissed by the morn's bright sun,
And, decked with dewdrops so lovely,
The hearts are so many you've won.

How long have you bloomed in gladness,
In fields of sunshine and showers?
You've ever been thus in your beauty,
You've ever been queen of flowers?

Recalling the days of childhood,
We gathered your ancestors fair.
We roamed over field and wildwood,
So free from all trials and care.

Others will gather the poppies,
As the summer shall come and go;
Others be glad in their laughter,
As they roam where the poppies grow.

And when life's journey is ended,
And I'm resting beneath the sod,
You'll bloom o'er my grave fair flower,
Until the trumpet sound of God.

You'll teach to the mourner the lesson,
As spring after spring you bloom,
That God, in infinite goodness,
The sleeper shall bring from the tomb.

You have your mission, my poppy,
As the years are passing along,
So year after year we'll welcome
Thy coming with gladness and song.

KING'S HATCHERY BUSY

George King was down from Redwood Saturday and reports that his hatchery business is increasing so that he has been compelled to add several new incubators this season and that he has work in sight until the end of the season. He has had remarkably good luck with his baby chicks and as he has a very fine strain of white leghorns, everyone is desirous of buying of him. He will send east in a few days for a pen of prize winning stock for breeding purposes.

KOSMOS CLUB HOLDS MEETING

The Kosmos Club held the last of its series of open meetings during the Club year on last Tuesday evening in the Christian Church. The auditorium had been most tastefully decorated with spring flowers by the hostesses, Mrs. Anna Cranz, Madame Troplong, Mrs. A. H. Miller, Mrs. W. S. Van Dyke, Mrs. R. L. Workman and Miss Sara N. Kerr.

By 8:15 the auditorium was comfortably filled and the program opened with a song by Mrs. J. S. Love, entitled, "My California." The encore that followed showed how well the sweet girlish voice of Mrs. Love had pleased her hearers.

The piano solo by Mrs. A. H. Miller was delightfully rendered, as was the second solo elicited by the hearty encore given her.

By special request Mrs. Love and Miss Coleman sang most sweetly a favorite duet, "Beautiful Moonlight" by Glover. They received the most enthusiastic applause, but it was all in vain.

The piece de resistance of the evening was the address by Mr. Charles Kasch, on "Modern Applications of Psychology." For well over an hour Mr. Kasch held the rapt attention of his audience. As one of the guests later remarked, "it was all so strongly humanitarian; each thought was like a beautiful pearl." Mr. Kasch set forth somewhat at length three phases of the conscious application of psychological principles, first to education, then to the detection of crime, and finally to the punishment of crime. The present-day parent or teacher can develop the child best by the application of the psychology of love instead of the psychology of fear. In the detection of crime, psychology is applied either by direct suggestion or by the hidden tests of word association. In regard to the punishment of crime, in the light of psychology, crime is a disease, and as such, needs treatment suited to the individual case. While probation and parole are steps in the right direction, the ultimate form of punishment will be the indeterminate sentence. Mr. Kasch made his closing plea for the educating of the consciousness along psychological principles in the school, in the home, in the business world and in all the walks of life in order that equity and justice may have their full sway.

The applause that followed the conclusion of this informing, strong and uplifting lecture was unmistakable in its heartiness.

In consideration of the fact that the hour was growing late, Mrs. L. S. Jones asked to be excused from her part on the program, which was a piano solo, the Slow Movement from the "Moonlight Sonata" by Beethoven.

Mrs. John E. Mardock concluded the program by singing a solo with her usual charm of voice. She responded most graciously to the persistent applause with a tender little lullaby.

During the social hour that followed, Misses Lois Hutchison, Gladys Anker, Esther Alvarez, and Margaret Van Dyke presided over the punch bowls. The hostesses of the evening deserve special mention for the careful and efficient manner in which they carried out their part of the program. Although it was growing late, the guests lingered and leisurely enjoyed the pleasant social hour and the dainty refreshments.

BOUGHT THE INCUBATOR

George King was down from Redwood Valley Saturday and bought the incubator that J. A. Hoffman had been advertising in the Press. The incubator was in fine condition and Mr. King reports that he secured a bargain. Mr. Hofman reports that he is well pleased with the trade he made. Both are well satisfied. Press want ads made satisfied customers.

CALLED BY DEATH

Martin L. Scott, son of Mr. and Mrs. Frank O. Scott, died at the home near Calpella Monday, April 12th, and was buried in the Ukiah cemetery Tuesday afternoon. Martin was born March 13th, 1895, and had just passed his 20th year. It seems hard for one to die thus young in years, but all things work together for good to them that love God. He was anxious to get well that he might help his father with the work on the farm. A year ago he was a strong able bodied young man, but last summer while out on a camping trip, he became seriously ill, and never entirely recovered from it. He leaves a father, mother, two brothers, and two sisters, besides other relatives and many friends, to mourn his early taking away. Funeral services were conducted at the home Tuesday afternoon by Rev. Adams of the Christian church. We extend to the bereaved family our heartfelt sympathies in their great loss.

JOINT CELEBRATION PLANNED

The committees on the joint celebration of the 96th anniversary of Odd Fellowship appointed by the Rebekahs and Odd Fellows, are hard at work preparing a program. One of the features will be a lectpre on Odd Fellowship by Past Grand Master J. J. Thomas. The celebration will take place at the Odd Fellow's hall on the night of April 26th. Every Odd Fellow and Rebekah is invited. Members who desire invitations are to refer the names of those they desire inviting to the committee on arrangements by Saturday night.

OPENS CASABONNE RESTAURANT

Al Hall came down from Willits this week and has taken over the Casabonne restaurant and will conduct it in the future. Mr. Hall is a competent restaurant man.

NATURALIZATION DAY CHANGED

Naturalization day in the local superior court which was set for April 15th, has been changed to the 28th by order of the division of naturalization.

SOUTH AMERICA NO PLACE FOR WHITES

Bill Smith returned this week from Bueno Ayres where he and Jay Turner and Floyd Banker went about three and a half months ago. He reports that the other boys are on their way home and will arrive in a few days. Bill has resumed his job with C. P. Smith and says that this is God's country.

He made the trip by way of New York and the other boys went down the coast and over the Andes. He says that it is a fine country, but no place for a white man and that the principal languages are French and Italian and that he had to guess. He reports that American consul is regarded as being of little use to Americans in that country and that his experience bore out the common report.

Land there is sold by the government for $1.25 an acre U. S. money, but before a man can own any he must have resided there a year. As wages are low and jobs scarce, there is nothing doing for an American. The natives work for about 80 cents a day and he was offered a job butchering at 30 cents an hour. Hotel rates are $1.20 a day.

His advice to white men is to give Buenos Ayrea a wide birth unless they are traveling for pleasure.

WEST WANTS CIRICILLO AGAIN

The West wants to hear Ciricillo's band again. This aggregation of thirty soloists under direction of the greatest leader of concert bands now in the United States wes heard in 119 concerts on this side of the Rockies last summer and every chautauqua where they appeared demanded their return. Catering to this universal request they were booked by the chautauqua management for 110 cities on the coast and in Idaho, Montana and Nevada.

No band has given such universal satisfaction on the coast as Ciricillo and some noted bands have played along the Pacific, and they are educated to appreciate the best. But Ciricillo with his brilliance, by his magnetic personality, together with his freedom from mannerism and self-conciousness has won the music-loving public of the West. Behind every instrument in his ensemble is a capable soloist, and these artists respond perfectly to the direction of their leader. They have been together several years and their familiarity makes possible such unison of execution. However, a few new players have been added for the band is larger than last year.

The Il. Trovatore Grand Opera Singers will be in this city at the same time as Ciricillo and his band and they work together in the presentation of this opera.

OUR BOONVILLE CORRESPONDENCE

BOONVILLE, April 14.—You would enjoy a trip through our valley now we are sure. The regular warm showers of rain is responsible for one of the finest growths of grass it has been our pleasure to witness in years, too, the farms with their large acreage of grain and well prepared fields for corn, are no small attraction at this time of the year and with a three cent price on wheat there is a future for the tiller of the soil. The ladies are alike alive, as is indicated by a report that the spring and sumer hats and mill'nery sundries of J. T. Farrer & Son were agreeably accepted and you notice that nicely painted house and one says Emmet McGimsey did that with paint from Finney's, while the clean shaven man tells you he has just been in the barber chair of St. John and you would really think summer here were you to step into the ice cream parlors of Mrs. St. John and partake of a dish of excellent ice cream. Well, that Dick Fitch has horse shoes from 6 a. m. to 6 p. m., SOMETIMES, scattered all over the shop floors, but Dick is going to Alaska soon, perhaps, to be the principal in a romance, should he worry? T. J. Vestal of the Anderson Valley Hotel and J. E. Berry of the Boonville Hotel, assume the airs of prosperity, groom themselves well and attend the needs of the hungry and weary traveler.

A little reception was tenderde the youngest son of J. T. and Mrs. Florence Farrer on Sunday, April 11th. Dr. Sawyer was one of the invited members. The little son weighs nine pounds and invites his friends to a birthday party April 11, 1916 when he will be one year old.

F. G. Stevens and wife had business in Ukiah Monday.

Mrs. Frank McAbee of Cloverdale was visiting relatives here last week.

Rev. W. A. Lindsay passed away at his home in Madera on April 2nd. Rev. Lindsay was pastor of the M. E. Church, South there at the time of his death, heart disease being the immediate cause of death. He was pastor of the Boonville-Yorkville charge of the M. E. Church some fifteen years since and was held in the highest esteem by all his acquaintances. He also was pastor of the Cloverdale church where he was married to a Cloverdale resident, Miss Elliott.

A band of people who has a living of samples of all the land, visited our valley Sunday. They spent Saturday night at Yorkville passing on to Wendling Sunday "visiting" most every one en route. Some settlers tell of interesting experiences, though no great losses are reported.

Earnest De Spain, who formerly owned land at Comfort, was out to the old home last week. He went to Tulare county some two years since, but disposed of his holdings there and lately bought land near Santa Rosa.

E. G. McCarty was over from his ranch at Laurel Dell buying cows for his dairy, returning Monday.

Clarence St. John and wife are visiting W. L. St. John and family.

Roy Lawson was over from Manchester Thursday, returning Sunday with the 1913, Twin Indian motorcycle purchased of Fitch.

J. L. Bivans visited his brother, J. V. Bivans at Ukiah, who underwent an operation there last Friday.

Mr. and Mrs. D. C. Ingram spent last week visiting their daughters, the Mrs. Lyle and Mrs. Smalley, near Cloverdale.

Levy and Archie Fitch were over from Manchester visiting relatives last Friday.

H. E. Pallady has received delivery of an I. H. C. truck. It will be used in marketing his vegetable and farm products, making the long trips, in case of the coast route is considered too tedious for horse drawn vehicles.

J. L. Rector and wife entertained a company of friends at the home of W. T. Rock on Sunday evening on their return from their wedding tour. They were married in Santa Rosa. The bride is one of the daughters of Mrs. Mary McGimsey and the late C. P. McGimsey, pioneers of Anderson Valley. The groom is a son of Mrs. J. A. Rector and has spent most of his life on the Rector homestead. They will reside on the Hobson ranch.

Geo. E. and Joel Reilley of Philo passed through town yesterday to Cozzons, where they had been called by a dispatch to the bedside of their mother Mrs. Christine Reilley, a former resident of Anderson Valley.

RETURN FROM INSTITUTE

School Superintendent Mrs. Anna Porterfield, and the Mendocino county teachers have returned from San Francisco where they had been to attend institute. Everyone reports the institute a complete success and is highly pleased.

The teachers were well entertained and enjoyed the opportunity of attending the Exposition.

THE HAYNES SIX ECONOMIZES ON GAS

"No matter how perfect a carburetor may be," states E. A. Gowan of Gowan Bros., distributors of the Haynes Light Six, "if a long exposed intake manifold is employed between the carburetor and the intake valves a certain amount of gasoline will reach the cylinders in the form of tiny globules instead of in a gaseous state. The importance of the location of the intake manifold is being indicated more clearly as the quantity of the gasoline drops. In the first place it requires heat to convert the liquid gasoline into vapor the same heat is required to convert water into steam.

"The modern carburetor is fitted with a hot air intake so that the necessary heat is applide at the carburetor, but this is not sufficient. Assuming that the gasoline is properly vaporized—that is, converted into a gas—at the carburetor, this gas must come in contact with the manifold walls. If these walls be exposed to the air they must necessarily be colder than the hot air drawn into the carburetor from around the exhaust pipe. The effect is that the gasoline will condense on the inner surface of the manifold the same as one's breath does when blown against the cold window pane. The gasoline collects in little drops and either runs back to the carburetor or is swept along into the cylinders.

"It is obvious that the proper mixture of air and gasoline vapor cannot be maintained under such conditions by any carburetor. This condensing of the gasoline and its effect on the power of the motor can be avoided by easting the intake manifold entirely within the cylinder casting. Of course the external exposed manifold cannot be avoided unless the en bloc casting is used.

"The effect of introducing the gasoline into the cylinders in the form of little drops instead of in a gaseous state, is to increase the gasoline consumption. It must be remembered that there is but a very small fraction of a second for the burning of the gases, and if there are drops present, the time is not sufficient to burn them up. Incomplete burning and deposits of carbon result, in addition to the loss occasioned by some of the unburned gasoline passing on through the cylinders, through the muffler, and into the air."

ANOTHER IRRIGATION SYSTEM

Chester Cox of the Cox Hardware company returned this week from San Francisco where he had been to purchase the irrigating plant for Jamison Bro's. ranch in Potter. A pump, electric motor and half a mile of pipe will be required for the system.

FARMERS TO BANQUET

The Ukiah Farmers' Club announce that it has been decided to hold a basket picnic in one of the halls on the evening of May 1st. Notices are being sent out to the members and more complete announcements will be made as soon as replies are received. Speaking and music will follow the banquet.

VISITOR FROM LOS ANGELES

Mrs. Carrie McDonald of Los Angeles arrived Wednesday for a visit with her brother, Dr. L. K. Van Allen, and other relatives and friends. Mrs. McDonald was for several years chief compositor in the Press office and it looks like old times to see her again. A touch of gray adds to her good looks and her disposition is as genial as it was when she was "sticking type," before the advent of the machine. Even in those days she was good natured, even on press days. She will also visit her sister, Flora, and friends in Fort Bragg.

BOARD ELECTS NEW SECRETARY

At the meeting of the directors of the State Hospital held Saturday, J. F. Galvin was elected secretarytreasurer of the board. Mr. Galvin is a resident of Richmond. Attorney Chas. E. Craig, the retiring secretary, has held the position for a number of years and has given perfect satisfaction. He handed in his resignation some time since and will devote his time to his legal practice in San Francisco.

CARD OF THANKS

We take this method of extending our sincere thanks to our many friends who were so kind and considerate in our recent bereavement.

"Modern Homes"

¶The latest, most elaborate and most magnificent collection of designs ever published. A work of art as well as an inspiration for the building of Better Homes.

¶A wonderful book—showing nearly one hundred designs, with photographs, drawings, floor plans and descriptions, of modern, artistic, step-saving, moderate priced HOMES—the prize designs of the year.

¶Also a few selected scientific barns, silos, garages, etc.

¶You should see hese designs NOW—no matter when you intend to build—just to know what a HOME should be.

¶Unequalled in exterior beauty—the interior arrangements have features—novel and necessary—which very few other plans possess—and which should be in every HOME.

¶It is a liberal education in modern HOME making to study these designs.

¶If you can not come to our office, we will be glad to show them to you at any convenient time and place—and then you'll understand why we are so enthusiastic.

NOTICE OF SALE OF REAL PROPERTY BY ADMINISTRATOR AT PRIVATE SALE.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF MENDOCINO.

IN THE MATTER OF THE ESTATE OF WHEELOCK G. ROBINSON, Deceased.

Notice of Sale of Real Property by Administrator at Private Sale.

Notice is hereby given that under and pursuant to an order of the Superior Court of the State of California, in and for the County of Mendocino, duly made and entered therein on the 12th day of April, 1915, in the above entitled estate, the undersigned, John Taylor, administrator of the estate of said deceased, will sell at private sale, on or after the 3rd day of May, 1915, to the highest and best bidder, upon the terms and conditions hereinafter mentioned, and subject to confirmation by the said Superior Court, all the right, title and estate of said Wheelock G. Robinson, deceased, at the time of his death, which was a fee simple absolute in and to the property hereinafter described, and all the right, title, and interest that the said estate has, by operation of law or otherwise, acquired other than or in addition to that the said deceased had at the time of his death, of, in or to those certain lots, pieces, or parcels of land situate, lying and being in the County of Mendocino, State of California, and particularly described as follows, to wit:

(a) The undivided one-half interest in the South half (½) of Section 12, Township 24 North, Range 17 East, M. D. M., comprising one hundred sixty (160) acres of land.

(b) Lot number 10 of Section 7, Township 24 North, Range 16 West; Lots number 3 and 4 of Section 18, Township 24 North, Range 16 West; and the Northeast Quarter (N. E. ¼) of the Northeast Quarter (N. E. ¼) of Section 13, Township 24 North, Range 17 West, M. D. M., containing one hundred forty-nine and 15-100 (149.15) acres more or less.

The terms and conditions of sale are as follows: Cash in lawful money of the United States, ten per cent. (10 per cent.) of the amount to be paid at the time of the acceptance of the bid and the balance on confirmation of the sale by the said Superior Court, deeds and instruments of title, including abstracts, at the expense of purchaser.

Offers or bids must be in writing and may be delivered to the undersigned administrator personally at his residence in the Town of Ukiah City in said County of Mendocino, or left at the office of his attorney, at room 608 Humbodlt Bank Building, San Francisco, California, or may be filed with the Clerk of the above entitled court at any time after the first publication of this notice of sale and before the making of the said sale.

Dated April 12, 1915.

JOHN TAYLOR,
Administrator of the Estate of Wheelock G. Robinson, deceased.

CHARLES F. CRAIG, Attorney for the Administrator, 608 Humboldt Bank Building, San Francisco, Cal. 44-3t.

ASSESSOR'S NOTICE TO PROPERTY OWNERS

Article 13 of Section 8 of the Constitution of the State of California, reads as follows:

The Legislature shall by law require each tax payer in this State to make and deliver to the county assessor annually a statement under oath setting forth specifically all the real and personal property owned by such tax payer or in his possession or under his control at 12 o'clock Meridian on the first Monday of March.

Section 3648 of the Revenue Laws of the State of California says:

Any property wilfully concealed, removed transferred or misrepresented by the owner or agent thereof to evade taxation, upon discovery, must be assessed at not exceeding ten times its value, and the assessment so made must not be reduced by the board of supervisors.

The people of the State of California abolished the poll tax at the last election. In previous years the assessor depended on his 15 per cent commission on all poll taxes collected to furnish a fund out of which to pay his deputies. However, since the poll taxes have been abolished the assessor is unable to hire deputies, and each tax payer will be required, therefore to make out and forward to the assessor on or before the first day of April, 1915, an itemized statement of all real estate and personal property in his possession or under his control on the first day of March of the year 1915.

Under conditions this year a just and equable assessment of the property of Mendocino county will be possible only through the co-operation of the property owners themselves and I appeal to you to do your best to further my efforts in this direction, by making out and sending in statement required.

W. S. VAN DYKE,
Assessor of Mendocino County, Calif.
38-tf.
